

## 2018 Seto Inland Sea Regional Research Center Symposium was held.

On February 7 (Thursday), “The Fiscal 2018 Seto Inland Sea Regional Research Center Symposium” was held at e-topia in BB square, by Seto Inland Sea Regional Research Center.

The symposium was held to aim to consider our role to contribute for the local community, by reporting about the results of our promoting main research on the “sea”, “culture / tourism / history”, “tele-medicine” and collecting the opinions.

The themes are as follows.

- “Development of mobile petit CTG and its global deployment”  
by Prof. Kazuhiro Hara, Seto Inland Sea Regional Research Center.
- “Transitioning of Island Shikoku Pilgrimage”  
by Professor Mutsuo Oga, Faculty of Economics.
- “Material balance and its function, on seaweed bed・tidal shore”  
by Prof. Kuninao Tada, Seto Inland Sea Regional Research Center Director.
- “General discussion”  
by whole member.

To conclude, Kagawa Prefecture Saiseikai Branch Manager, Former President of Kagawa University, Dr. Masahiko Ichii gave advice to each presenter and comments that expecting in the future.

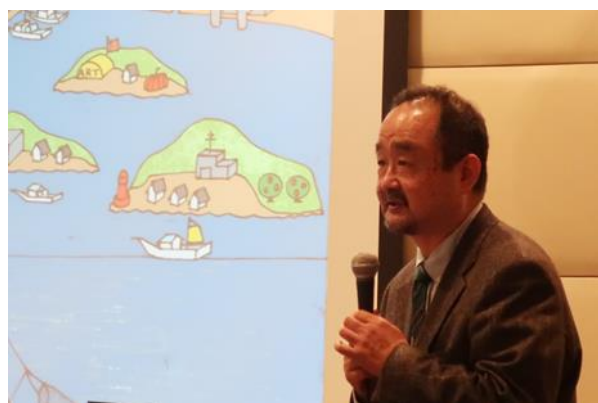

The symposium had active exchange of opinions and it was very meaningful.

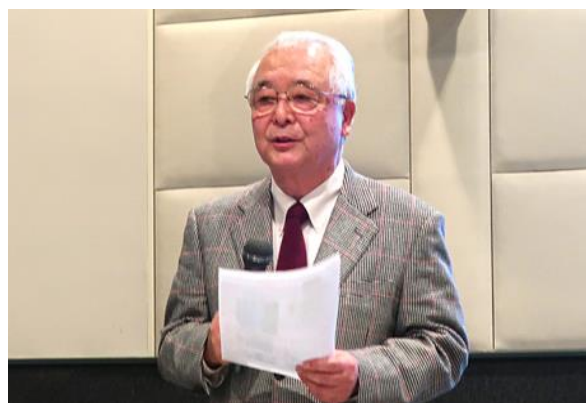

Prof. Kazuhiro Hara

Prof. Mutsuo Oga
